PROFILE SUMMARY

Emerging development professional with experience supporting education access, financial security programs, and climate-responsive agriculture. Skilled in program implementation, community engagement, M&E, and quantitative research. Hands-on experience conducting field studies, building stakeholder partnerships, and preparing data-driven policy recommendations for government and non-profit stakeholders. Strong analytical background with proficiency in Python, R, Stata, Excel, and Power BI. Committed to improving service delivery systems for low-income households through evidence-based program design.

EDUCATION

Degree	Institute	CGPA/Percentage	Year
Master's in Public Policy	IIT Tirupati	8.48**	Pursuing
B.A. (Hons) Economics	Sri Sathya Sai Institute of Higher Learning	7.4	2021-2024
Senior Secondary	Accord School	92%	2021

PROFESSIONAL EXPERIENCE

- Institute for Social and Economic Change (ISEC)**
Program Implementation and Research Intern

June 2025 – Aug 2025
Bengaluru, India

 - Coordinated multi-stakeholder work for a climate advisory transformation project serving 2.4M farmers, engaging government departments, extension workers, and community institutions.
 - Conducted field research across 5 districts, interviewing 80+ farmers and 25+ extension workers to identify adoption gaps and service-delivery challenges.
 - Built cost-benefit model supporting a proposed INR 10 crore digital ecosystem; projected INR 600 crore annual benefits by 2030.
 - Prepared strategic roadmap with actionable recommendations for improving advisory outreach, farmer engagement, and sustainability.
- PMAY Housing Impact Study – Andhra Pradesh**
 - Conducted primary surveys with 45+ low-income households; assessed links between secure housing, youth mobility, and livelihood access.
 - Drafted recommendations for skill development integration and improved targeting of housing subsidies.
- EPS-95 Pension Scheme Sustainability Analysis**
 - Built long-term financial sustainability model estimating 28 percent loss in real pension value and a projected fiscal burden of INR 19,500 crore.
 - Designed CPI-indexation and tiered contribution options enhancing scheme viability and revenue potential.
- Rural Homelessness and Housing Gaps**
 - Analyzed Census housing indicators for 640 districts and mapped vulnerabilities for targeted intervention.

PROGRAM COORDINATION AND CAMPUS ROLES
